**Value-Added Offers**  
on leading Thermo  
Scientific products

*Get the best products you can buy with — **FREE accessories and upgrades!***

Ultra-Low Temperature Freezers • Cryopreservation Storage • Lab Refrigerators and Freezers • CO<sub>2</sub> Incubators  
DNA Vacuum Concentrators • Biological Safety Cabinets • Ovens • Centrifuges

# A full line of Thermo Scientific products for your lab

Every Thermo Scientific product is backed by our worldwide customer support and service. We are always ready to help you gain the maximum advantages from our high-quality laboratory solutions.

## **Revco® PLUS Ultra-Low Temperature Freezers**

*Protecting your precious samples*

## **Revco High-Performance Lab Refrigerators and Freezers**

*Unrivaled protection for valuable samples and materials*

## **Locator® Plus LN<sub>2</sub> Cryogenic Storage**

*Capacities up to 6,000 vials*

## **Heracell® CO<sub>2</sub> Incubators**

*Ultimate cell culture protection*

## **Savant® DNA 120 SpeedVac® Concentrators**

*Targeted solutions for DNA and RNA applications*

## **1300 Series A2 Biological Safety Cabinets**

*Good for you, good for the environment*

## **Sorvall® Legend® Micro 21 Microcentrifuges**

*Powerful centrifugation in a convenient compact size*

## **Precision® Ovens**

*Performance, quality and value*

## **Sorvall Legend and Sorvall ST Centrifuge Series**

*Setting new standards for benchtop processing*

# 10 great offers

# 1&2

## Thermo Scientific Revco PLUS Ultra-Low Temperature Freezers

*Protecting your precious samples*

### Performance

Refrigeration system provides superior cooling and temperature recovery after door openings.

### Protection

Foamed-in-place urethane or innovative high-density (HD) insulation for thermal protection and structural strength.

### Reliability

More than two billion samples are stored inside Thermo Scientific cold storage products worldwide.

### GREEN TIP

Revco PLUS consumes approximately 15% less energy and rejects 15% less heat into the environment than competitive freezers

## special offers

- 1 Purchase a Revco Ultima or Elite PLUS freezer and receive two free shelves of inventory storage racks – **a value of up to \$2,000!**
- 2 Take advantage of special pricing on our Revco ultra-low temperature freezer and rack packages with your choice of LN<sub>2</sub> or CO<sub>2</sub> back-up system – **a value of up to \$1,889!**

## Thermo Scientific Revco High-Performance Lab Refrigerators and Freezers

*Unrivalled protection for  
valuable samples and materials*

### Peace of Mind

Microprocessor control for safe, worry-free cold storage.

### Temperature Uniformity

Positive-forced air circulation maintains temperature uniformity to protect your valuable samples and inventory.

### Dependability

Heavy-duty, hermetically-sealed compressors ensure years of service.

# 3

## special offer

Purchase a Revco High-Performance lab refrigerator or freezer (23 cu. ft. or larger) and receive your **CHOICE** of:

- 1 Revco undercounter refrigerator – **a value of up to \$1,300!**
- 2 Revco undercounter freezer – **a value of up to \$1,200!**
- 3 Thermo Scientific Sorvall Legend 14 personal microcentrifuge – **a value of up to \$1,300!**

## Thermo Scientific Locator Plus LN<sub>2</sub> Cryogenic Storage

Capacities up to 6,000 vials

### Versatile

Available in four sizes, suited for both manual and computerized inventory record-keeping methods.

### Convenient

Unique hanging rack and gridded box design allow for vial inventory tracking and easy sample retrieval.

### Cost-Effective

Vacuum insulation minimizes liquid nitrogen evaporation and reduces operating costs.

4

## special offer

Purchase a Locator Plus LN<sub>2</sub> storage system and receive a free wheeled cart – **a value of up to \$300!**

### GREEN TIP

100% pure antimicrobial copper prevents unwanted contamination naturally without the need for handling of toxic disinfection chemical

## Thermo Scientific Heracell CO<sub>2</sub> Incubators

Surround your valuable cultures with an environment you can trust

### Secured

Our innovative ContraCon moist heat decontamination technology is proven for simple and worry-free cleaning and operation.

### Protected

Proven, contamination control is offered with our unique 100% pure solid copper interiors – antimicrobial protection on contact, naturally.

### Thriving

Large water reservoir and unique heating system provides reliable, consistent humidity and fast recovery times.

5

## special offer

Purchase a Heracell 150i with **antimicrobial copper at the SAME PRICE as a stainless steel model – a value of up to \$3,100!**

## Thermo Scientific Savant DNA 120 SpeedVac Concentrators

Targeted solutions for DNA and RNA applications

### Consistent Performance

Designed to ensure drying time and reproducible results.

### Simplicity

A single program is all you need to support your DNA/RNA application.

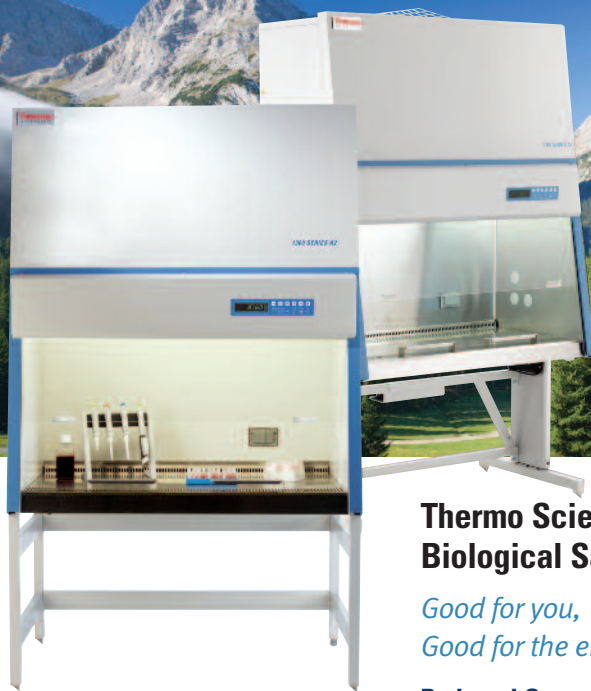

### Sample Protection

Option of drying at ambient temperatures or very low heat to ensure maximum sample protection.

6

## special offer

Purchase any Savant DNA SpeedVac and receive a **FREE RD2MP rotor with two shallow-well microplate carriers – a value of up to \$997!**

## Thermo Scientific Model 1300 Biological Safety Cabinets

*Good for you,  
Good for the environment*

### Reduced Operating Costs

Reduces operating costs by up to 75% over traditional biological safety cabinets with AC motors.

### Increased Comfort

Increases comfort and encourages safe working habits with the sloped front, bright workspace and low noise level.

### Maximizes Safety

Our innovative SmartFlow™ design maximizes safety with the Digital Airflow Verification.

#### GREEN TIP

The 1300's night set-back function when the sash is closed reduces energy consumption over 75%, and also allows quick recovery to the working operation in minutes.

# 8

## Thermo Scientific Sorvall Legend Micro 21 Microcentrifuges

*Powerful centrifugation in a  
convenient compact size*

### High Productivity

Generous capacity holds 36 x 0.5 mL microtubes, 24 x 2 mL tubes or 8 x 8 PCR strips.

### Versatility

Broad range of rotors offer support for virtually any micro-volume protocol.

### Safety and Convenience

Thermo Scientific ClickSeal bio-containment lid "clicks" to indicate proper sealing.

## special offer

Purchase one of our packages with accessories for the **SAME PRICE** as a single unit:

- 1 Package 1 – includes **free adjustable stand, timed UV light and armrest**
- 2 Package 2 – includes **stainless steel interior walls plus Package 1 accessories**

**A value of up to \$900!**

## special offer

Order a Sorvall Legend Micro 21 **SPECIAL BUNDLE** includes a **ClickSeal® bio-containment rotor and dual row rotor – save 30%, plus redeem an additional two year warranty free!**

## Thermo Scientific Precision Ovens

*Performance, quality and value for sample heating and drying*

### High-Performance Ovens

Built for high temperatures and ultra-precise temperature stability and reproducibility

### Premium Ovens

Advanced microprocessor controls and temperature stability

### Standard Ovens

Electronic controls and gravity convection for everyday lab heating and drying

### Compact Ovens

Economical, compact design for drying and baking

## Thermo Scientific Sorvall Legend and Sorvall ST Centrifuge Series

*Unmatched capacity, performance and ease-of-use in a remarkably small footprint*

### Exceptional Throughput

Process 4 to 40 x 50 mL conical tubes or from 32 to 196 x 5/7 mL blood tubes, all with certified ClickSeal bio-containment sealing options.

### Unmatched Versatility

Extensive rotor selection, including Thermo Scientific Fiberlite rotors for higher G-force (up to 25,000) and faster speeds.

### Breakthrough Technologies

Advanced Thermo Scientific solutions including Auto-Lock, for easy and secure rotor exchange in less than 3 seconds with just the push of a button.

9 10

## special offer

Purchase any Precision oven and receive a **Thermo Scientific Cimarec 7x7 stirring hotplate – a value of up to \$443!**

## special offer

**Save more than 30% on complete centrifuge packages** designed to meet your application needs - cell culture, blood processing, microplate processing and high performance with carbon fiber rotors

<b>Thermo Scientific Sorvall Legend and ST Centrifuges</b>		
<b>Cell Culture</b>		
75218382	Sorvall Legend X1 Centrifuge, 120V	TX-400 Swinging Bucket Rotor, 400mL Round Buckets, 4x50mL conical adapters (4), 9x15mL conical adapters (4)
75618382	Sorvall Legend X1R Centrifuge, 120V	
75103839	Sorvall ST 40 Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), 7x50mL conical adapters (4), 14x15mL conical adapters (4)
75253839	Sorvall ST 40R Centrifuge, 120V	
75063839	Sorvall Legend XT Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), 7x50mL conical adapters (4), 14x15mL conical adapters (4)
75213839	Sorvall Legend XTR Centrifuge, 120V	
75107473	Sorvall ST 40 Centrifuge, 120V	BIOLiner Swinging Bucket Rotor, BIOLiner Buckets (4), 10x50mL conical adapters (4), 22x15mL conical adapters
75257473	Sorvall ST 40R Centrifuge, 120V	
75067473	Sorvall Legend XT Centrifuge, 120V	BIOLiner Swinging Bucket Rotor, BIOLiner Buckets (4), 10x50mL conical adapters (4), 22x15mL conical adapters
75217473	Sorvall Legend XTR Centrifuge, 120V	
<b>Blood Processing</b>		
75410885	Sorvall ST 16 Centrifuge, 120V	TX-200 Swinging Bucket Rotor, 200mL Round Buckets (4), ClickSeal Lids (4), 7x15/10mL blood collection adapters (4), 8x 5/7mL blood collection adapters (4)
75810885	Sorvall ST 16R Centrifuge, 120V	
75418180	Sorvall ST 16 Centrifuge, 120V	TX-400 Swinging Bucket Rotor, 400mL Round Buckets (4), ClickSeal Lids (4), 14x15/10mL blood collection adapters (4), 19x5/7mL blood collection adapters (4)
75818180	Sorvall ST 16R Centrifuge, 120V	
75101923	Sorvall ST 40 Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), 21x10mL blood collection adapters (4), 27x5/7mL blood collection adapters (4)
75251923	Sorvall ST 40R Centrifuge, 120V	
75107271	Sorvall ST 40 Centrifuge, 120V	BIOLiner Swinging Bucket Rotor, BIOLiner Buckets (4), ClickSeal Lids (4); 37x10mL blood collection adapters (4), 49x5/7mL blood collection adapters
75257271	Sorvall ST 40R Centrifuge, 120V	
<b>Microplate Processing</b>		
75412452	Sorvall ST 16 Centrifuge, 120V	M-20 Microplate Rotor
75812452	Sorvall ST 16R Centrifuge, 120V	
75060817	Sorvall Legend XT Centrifuge, 120V	TX-750 Swinging Bucket Rotor, Carriers for Microplates and T-75 Horizontal Flasks
75210817	Sorvall Legend XTR Centrifuge, 120V	
<b>High-Performance Carbon Fiber</b>		
75612963	Sorvall Legend X1R Centrifuge, 120V	TX-400 Swinging Bucket Rotor, 400mL Round Buckets, Fiberlite F15-8x50c Rotor
75210062	Sorvall Legend XTR Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), and Fiberlite F14S-6x250LE Rotor
75210063	Sorvall Legend XTR Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), and Fiberlite F15-8x50c Rotor
75210061	Sorvall Legend XTR Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), and Fiberlite F13S-14x50c Rotor
75216362	Sorvall Legend XTR Centrifuge, 120V	Fiberlite F15-8x50c and F14S-6x250LE Rotors
75236362	Sorvall Legend XTR Centrifuge, 230V
