# Superior Liquid Handling Solutions

Multiple Liquid Handling Products Equals Multiple Savings

Our products provide superior liquid handling solutions to meet all of your needs and are backed by our worldwide customer support and service.

## ○ Thermo Scientific Finnpiquette F1 and F2 Manual Pipettes

*Combines all the well-known Finnpiquette features with state-of-the-art innovations. Superior comfort, performance, reliability and repeatability in one of the lightest pipettes available.*

## ○ Thermo Scientific Finnpiquette Novus Electronic Pipette

*Sets the standard in ergonomic pipetting! The Novus® combines simplicity, comfort and functionality in an exceptionally intuitive design.*

## ○ Molecular BioProducts ART® Pipette Tip Reload System

*The only Aerosol Barrier Tip available that guarantees 100% protection against not only aerosol and liquid contamination of your sample and pipette is now available in environmentally-friendly packaging.*

## ○ Thermo Scientific Finntip Flex Pipette Tips

*With its thin wall molding technology, the Finntip® Flex tip is designed to enhance pipetting ergonomics!*

## ○ Molecular BioProducts RNase Away® and DNA Away™

*Wipe AWAY Contamination! An effective alternative to traditional methods of surface decontamination, RNase AWAY and DNA AWAY quickly, easily and safely remove nuclease and nucleic acid contamination from workstations, countertops and labware without leaving behind odor or residue.*
